

Flawless engines and perfect service, Hirth Engines stands worldwide for unmatched engineering solutions with over 90 years in the aviation business, over 1 million engines sold, more than 30 years in UAV engine production and over 60 years in two-stroke engine production.

Become part of a team that convinces through industry-leading know-how, technology and innovation. This powerful combination of tradition, excellence and creativity has brought Hirth to the top of a competitive industry and made it the market leader in two-stroke engine technology.

We are looking for:

CONTROLLER (M/W/D)

These would be your tasks:

- Monitoring and support in the creation and preparation of monthly group reporting
- Monthly controlling of revenue, contribution margin, costs, investments and projects
- Responsible for planning as well as creation of forecasts and budgets
- Creation, maintenance and further development of forecast models
- Conducting well-founded business analyses and evaluations to support decision-making
- Active participation in cross-departmental projects for process optimization and efficiency improvement
- Professional support of accounting for operational and strategic issues
- Further development of controlling instruments

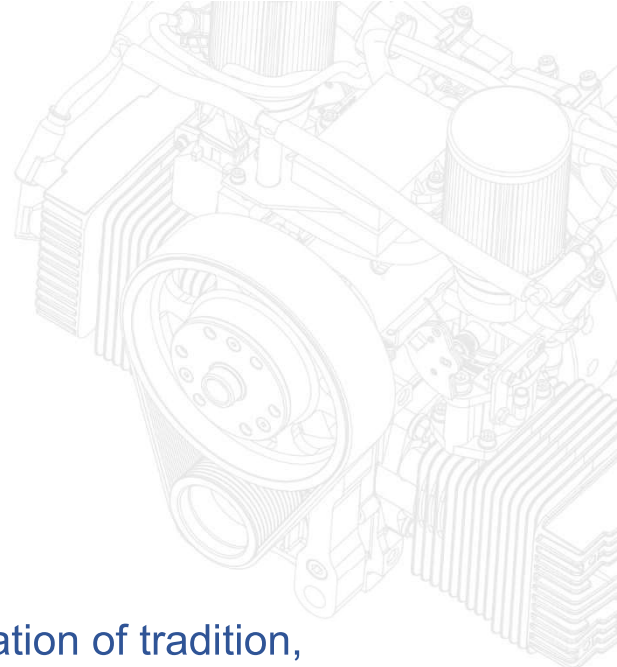

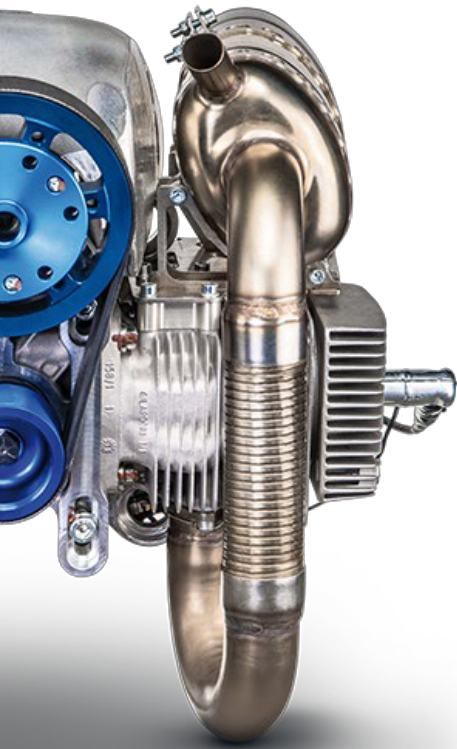

This is what we expect from you:

- **Education:** Completed Bachelor's or Master's degree in Finance, Business Administration or comparable training
- **Professional experience:** Several years of controlling experience (5+ years), in a manufacturing company; solid knowledge in cost accounting and performance measurement
- **Tools & Systems:** Confident handling of ERP systems, especially Microsoft Business Central, as well as very good MS Excel skills; experience with BI tools
- **Languages:** Very good German and English skills in spoken and written form
- **Personality:** Service-oriented and resilient with a solution-oriented and efficient working style, high communication skills and team spirit.

You can look forward to this:

- Dynamic, well-coordinated, motivated team, as well as collegial and family-like corporate culture
- Opportunity to independently help shape and further develop the field of tasks
- Great creative freedom in your area of responsibility
- Flat hierarchies and short decision-making processes
- Flexible working models (incl. home office)
- Bicycle leasing on the job
- Support for internal and external continuing education

Do you feel addressed? Then apply with CV, cover letter and certificates to career@hirthengines.com
